Monsieur, j'ai pas pu faire les questions 4-5-16 car j'ai un problem lors du creation du tableau loans

INSERT INTO loans(loan_id,ISBN, member_id,borrowOATE,returndate,duebATE)VALUES(1 ,97801424, 1,2023-10-01, 2023-10-08 ,2023-10-15),(2 ,97800611,2 , 2023-10-02, 2023-10-09, 2023-10-09)

MySQL a répondu:
#1452 - Cannot add or update a child row: a foreign key constraint fails (`tp2exo2`.`loans`, CONSTRAINT `loans_ibfk_1` FOREIGN KEY (`ISBN`) REFERENCES `books` (`ISBN`))
